One Day National Conference on

"Research, Innovation and Intellectual Capital: Strengthening Multidisciplinary Ecosystems in Higher Education" with IQAC

(Hybrid Mode)

Organised by
Bharti Vishwavidyalaya
Durg, Chhattisgarh

21st November 2026

About the Conference

The One-Day National Conference on "Research, Innovation and Intellectual Capital: Strengthening Multidisciplinary Ecosystems in Higher Education", organized by Bharti Vishwavidyalaya, Durg, Chhattisgarh, was conceived as a dynamic academic platform to deliberate upon the evolving landscape of higher education in India. In the contemporary knowledge-driven economy, higher education institutions are no longer confined to teaching alone, they are expected to function as hubs of research excellence, innovation ecosystems, and intellectual capital formation.

Recognizing the transformative goals envisioned in the National Education Policy 2020, the conference aimed to explore strategies for fostering multidisciplinary research collaboration, promoting innovation-led growth, and strengthening institutional capacities for knowledge production. The theme underscored the importance of integrating diverse disciplines—ranging from social sciences, humanities, management, science, and technology—to address complex societal and developmental challenges.

The conference brought together academicians, researchers, policymakers, industry experts, and research scholars from across the country to engage in meaningful dialogue, share empirical findings, and deliberate on emerging research paradigms. Special focus is given to research quality, intellectual property rights, technology transfer, incubation systems, startup culture, academic-industry linkages, and sustainable development within the higher education framework.

Through keynote addresses, plenary sessions, technical sessions, panel discussions, and paper presentations, the conference aimed to create a collaborative ecosystem that encourages innovation, research ethics, interdisciplinary engagement, and intellectual capital development in Indian universities.

About Bharti Vishwavidyalaya

Bharti Vishwavidyalaya, Durg, has been established with a vision to be leader in shaping better future for mankind through quality education, training and research. It shall pursue the mission to make a difference in sustaining the growth and development of global societies by developing socially responsible citizens. Value based education being at the helm, The University shall promote endurance, excellence, fairness, honesty and transparency as its core values.

Some of the objectives of the University are as under:

1. To provide teaching and training in higher education and make provision for research as well as advancement and dissemination of knowledge.
2. To ensure world class quality in its offerings and create higher levels of intellectual abilities.
3. To create centres of excellence for research and development for sharing knowledge and its applications.

Who Can Attend

The One-Day National Conference on "Research, Innovation and Intellectual Capital: Strengthening Multidisciplinary Ecosystems in Higher Education", organised by Bharti Vishwavidyalaya, is open to a wide spectrum of participants from academia, industry, and research institutions. The Conference welcomes faculty members, academicians, research scholars, and Ph.D. candidates from universities and colleges across disciplines. It also invites industry professionals, corporate leaders, entrepreneurs, and startup founders interested in innovation, intellectual property, and academia–industry collaboration. Policy makers, educational administrators, consultants, and independent researchers engaged in higher education development and research governance are encouraged to participate. Additionally, undergraduate and postgraduate students with a keen interest in research and multidisciplinary learning may attend the Conference. Both paper presenters and general participants are welcome to join the academic deliberations, expert sessions, and networking opportunities offerd during the two-days event.
